

# SharedGeo™

## *Who Is SharedGeo™?*

From initial conversations on how to bring together **technology**, **preparedness**, and **collaboration**, *SharedGeo* has grown into a federally-recognized Minnesota-based nonprofit serving the needs of diverse communities of interest. We emphasize building **reusable**, **open-source mapping tools** which enable users to work together and share geographic data for the benefit of all.

***Our Mission*** is to help government, nonprofit, education, and corporate entities use mapping technologies and share geographic data for the public good. By providing technical expertise, research, education, grants, and products, *SharedGeo serves communities* focused on disaster response and relief, public safety, environment, health, and all others where location information can provide substantial public benefit.

## *Why Should I Donate to SharedGeo™?*

Funds contributed will be used to pay administrative and direct costs for a wide range of programs and services which *SharedGeo* provides for little or no charge.

## *Your Contribution to SharedGeo™ Supports:*

- Technology Support for Disaster Response/Relief Efforts the Emergency Services Sector
- GPS for First Responders Program
- Great Lakes Restoration Initiative (GLRI)
- US National Grid Emergency Location Markers
- Community Event Support
